## Experienced Partnership with RCS, Inc

All American Co-op has partnered with RCS, Inc to bring our milking goat producers the best possible products, experience, and service offered in SE Minnesota. Our on-staff goat specialist puts the needs of each individual farm first. Helping to customize a nutrition and health program to meet the needs of each milking goat herd.

You can expect:

- Pelleted Feed mixes manufactured locally at the All American Co-op production mill that can be delivered to you in bulk or bag to suit your individual needs.
- A wide variety of products with the RCS label on them that support your goat herd from kidding season all the way thru the growth and milk production stages of life.
- RCS Products Include:
  - RCS Kid Goat 23-25 DC Milk Replacer
  - RCS Kid Goat 25-28 DC Milk Replacer
  - RCS Kid Goat Colostrum
  - RCS Doeling Grower
  - RCS Meat Goat Grower
  - RCS Lactation Pellets
  - RCS Dry Doe Pellets
  - RCS Dairy Goat Mineral
- All American Co-op and RCS, Inc offer the educational materials and events to help our producers keep up to date on health concerns as well and nutritional updates that support overall herd health and well being.
- Cost Control programs passed along when the opportunities are there, helping manage expenses and promote profitability.

Since 1908, All American Co-op has focused on providing reliable, continuous service. In order to provide quality products and services that fit our producers' goals, we strive to know each of our members and customers on a personal level.

Combining that focus with a dedicated, hard-working staff has contributed to the growth of All American Co-op. From humble beginnings as a local market to a progressive cooperative serving southeastern Minnesota, All American Co-op has expanded its offerings to provide top-notch grain, agronomy, and feed services and products.

## Meeting All Your Feed Needs

When you think of the All American Co-op feed department, one word should come to mind-diversity. All American Co-op has the trained, qualified, and experienced staff that is ready to help ensure top performance from your animals.

You can expect:

- Top-notch service from trained, knowledgeable animal production specialists supported by many industry partners. Our staff includes focused production specialists with extensive experience and access to current industry products, news, and trends.
- Feed products of the highest quality, manufactured in our mill certified through a Hazard Analysis Critical Control Points (HACCP) system.
- The HACCP program ensures that all ingredients going into your feed came from approved suppliers and meet a high standard of traceability and safety control measures.
- High quality, on-site processing of roasted soybeans.
- Bulk ingredient and commodity sourcing, purchasing, pricing, and delivery.
- Regular Route Truck Delivery for bagged products saving you the trip to town.
