

All American Co-op

Grain Policies, Fees and Marketing Programs

All American Co-op grain policies and marketing programs are subject to change at any time. If you have any questions concerning these policies, please contact your local All American Co-op location

- **Intent upon delivery of grain:** Farmers need to let the scale dump operator know upon unloading their grain whether it is to be Sold, Warehouse Receipt, Grain Bank, or Contracted. If no notice is given within the day, the scale ticket will be posted as Open Storage.
- **Wet corn brought in and dry corn taken home:** Normal discounts for dry and shrink will be taken. Redelivery must be taken within 10 days of deposit. If passed 10 days, grain will be posted to Open Storage. Open Storage charges will apply.
- **Deferred Payment Contracts** – We will offer deferred payment contracts for those wishing to defer income. There will be no interest paid on deferred payment contracts or installment sales.
- **Grain Buying Hours** – For risk management purposes, All American Co-op will ONLY price grain from 8:30AM until 4:30PM Monday thru Friday on the days that the Chicago Board of Trade is trading.

	CORN	SOYBEANS
